DETAILED ACTION

Information Disclosure Statement

1. A replacement signed form PTO 1449 dated October 13, 2005 is being attached. It has been corrected to show the dates of the foreign patent documents on page 1 and to indicate that English abstract of WO 95/20774 has been considered.

Allowable Subject Matter

2. Claims 26, 27, and 29-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicant has amended the independent claim 26 to claim a specific structure of mirror and first and second driving mechanism wherein a solid axle connects the two mechanisms. This structure (see the claim for the entire structure) was not found in the prior art along with all of the other limitations of claim 26 (see applicant's argument's received on 4/12/2007 for a discussion of the difference between the claimed structure and the applied prior art). Accordingly claim 26 is allowed. Claims 27 and 29-35 are dependent on claim 26 and are therefore allowable at least due to their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
